

Health & Wellness

Health and Wellness is a vital component of a thriving community. 100 Black Men of North Metro, Inc. has teamed up with other nonprofit organizations to promote preventative health strategies, deliver screenings and provide educational awareness on prevalent African American diseases such as hypertension, diabetes, HIV/AIDS and other health-related problems that affect our community.

Economic Development

We encourage economic empowerment to enable African Americans to fully participate in the global economy. We have established programs that teach our Men of Tomorrow how to enhance their reasoning skills and how to navigate the stock market and develop business plans. This increased knowledge and practical application of concepts that will assist our young men in the future to understanding the economics and financial empowerment that our community holds.

*Our chapter theme this year is "Empowering Our Youth To Do Great Things". Our members are dedicating themselves to this ideal of empowerment to help our youth attain their goals and become successful leaders in their own right. We presently have a **100% high school graduation rate for all mentees** that are in the program for two or more years. We would like to extend this graduation rate to the college ranks where we have approximately 18 mentees in various schools across the country such as **Howard, Yale, Mercer, Tuskegee, Gilford College, Georgia State** and many other fine colleges and universities. I would like to say thank you to our members, community partners and corporate sponsors and ask for your continued support with our mission.*

What are we all about?

**100 Black Men
of North Metro, Inc.**

The 100 Black Men of North Metro, Inc. is a coalition of some of North Atlanta's most prominent citizens whose mission is to provide support and service, combined with improving the quality of life for African Americans – particularly African American youth – throughout the North Fulton, Cobb and Gwinnett communities. The 100 Black Men of North Metro, Inc. is one of the Metropolitan area's strongest, most self-reliant, African American volunteer organizations. We are particularly focused on education, enrichment and empowerment. The foundation of this organization was built on the 'Four for the Future' initiative, which focuses on:

- Mentoring
- Education
- Health and Wellness
- Economic Development

The members of the 100 Black Men of North Metro, Inc. are committed to motivating and enabling youth to achieve intellectual excellence, economic responsibility and self-sufficiency as positive contributors to society.

Our Mission

The core missions of the 100 Black Men of America, Inc. are direct service and advocacy for improved life opportunities for African American youth specifically, and the African American community and larger community overall.

Vision Statement

100 Black Men of North Metro, Inc. seeks to serve as a beacon of leadership by utilizing our diverse talents to create environments where our children are motivated to achieve, and to empower our people to become self-sufficient shareholders in the economic and social fabric of the communities.

Mentoring

Mentoring is the cornerstone of 100 Black Men of North Metro, Inc. Through this vehicle, tomorrow's future is secured by encouraging today's youth to be healthy, educated, and contributing members of our society. We develop and foster relationships between members of the 100 Black Men of North Metro, Inc. and our mentees in order that this relationship would lead to heightened self-esteem for the youth through improved family relations, academic success and social and financial responsibility.

Education

100 Black Men of North Metro, Inc. believes that education is the key to opportunity and success. For this reason, we promote educational excellence and are committed to the encouragement of young people to thrive in this area of their lives. Reaching out into our communities, we provide scholarships and numerous tutoring programs while members take an active role in primary and secondary education. Education programs deliver support services, which help youth achieve their educational goals. Our education programs also include study skills, decision-making and time management.
